STATEMENT OF OBJECTS AND REASONS

In the year 2012, a large number of amendments were made in the Pakistan Medical and Dental Council Ordinance, 1962 whereby interests of private colleges were inculcated into the composition of the Council and those who were to be regulated became the regulators.

Following the Election 2013, a flood of litigations has been opened up challenging the integrity and transparency of election process. While the Lahore High Court stopped the Federal Government to notify the members, some members illegally occupied the offices in violation of court's order. In the circumstances, the Federal Government through Ordinance No. III of 2014 dissolved the controversial Council. However, the said Ordinance was disapproved by the Senate of Pakistan on 23-04-2014. As a consequence a vacuum came to prevail after 23-04-2014.

The Standing Committee of the National Assembly on National Health Services, Regulations & Coordination has continuously been showing concerns over dismal state of affairs of the Council and recommended to take necessary actions. Besides, the Islamabad High Court constituted a three member Commission to look into affairs of the Council which pointed out maladministration and conflict of interest of members and suggested ways forward for regaining repute at national and international level.

The Supreme Court of Pakistan in Constitutional Petition No. 10/2014 took notice of this appalling state of affairs and directed the Federal Government to take necessary steps to fill such vacuum.

The Bill is designed to achieve the aforesaid objectives.
