### STATEMENT OF OBJECTS AND REASONS

Special Economic Zones Act, 2012 was promulgated to encourage industrial infrastructure in the country. The purpose was to facilitate domestic and foreign investors to invest in manufacturing sector of Pakistan offering them special exemptions and incentive leading to reduced cost of doing business with efficient infrastructure. The Act provides for duty free import of plant, machinery & equipment and income tax holidays of 10 years for zone developers as well as zone enterprises.

After its promulgation, Provincial Governments, chambers of commerce and potential investors raised voice about major lacuna in the law whereby SEZs have been declared outside the customs area of Pakistan. This renders the custom duty exemptions meaningless at the time of imports since the finished products manufactured in SEZs would be liable for payment of heavy customs duty for sale in domestic markets. This has made SEZs similar to Export Processing Zones in incentives and facilities.

Keeping in view the above, BOI conducted a detailed in-house analysis of SEZ Act. The services of an independent legal advisor were also engaged to review the Act. BOI also requested comments of the relevant stakeholders i.e. Ministries of Finance, Commerce, Industries, FBR, Law Division and provincial Government including Gilgit-Baltistan, were also conducted.

After the amendments, SEZs shall be within the customs territory of Pakistan and Zone Enterprises would be able to sell their products in domestic markets without payment of customs and other duties which will attract more foreign investors to establish their industries in SEZs.

The amendments in the Ordinance will make the SEZ regime more investment and business friendly and encourage development of SEZs in Pakistan. The investor friendly law will encourage rapid industrialization and economic activity in the country leading to job creation, technology transfer and development of industrial infrastructure.

The Government of Pakistan has decided to encourage industrial investment in the country. The proposed law to facilitate domestic and foreign investment in order to establish a Special Economic Zone (SEZ) offering liberal special incentives and exemptions to attract investment and to reduce the cost of doing business with efficient infrastructure. The Act provides for duty free import of plant, machinery & equipment and income tax holidays of 10 years for zone developers as well as other incentives.

After the introduction of the Government's standards of conduct and other incentives related with SEZs, the law whereby SEZs have been created under the various laws of Pakistan. This means that custom duty exemption incentives at the time of imports since the finished products manufactured in SEZs would be eligible for payment of heavy customs duty for sale in domestic market. The law made SEZs similar to Export Processing Zones in various respects.

In view of the above, the Government has decided to conduct a detailed in-house analysis of SEZs. The services of an independent legal advisor were also engaged to review the Act. The Government also requested the relevant stakeholders i.e. Ministry of Finance, Commerce, Industries, Power Division and provincial Government including Gilgit-Baltistan were also consulted.

After the introduction of the law to establish the customs territory of Pakistan and SEZs, the law would be able to sell their products in domestic markets without payment of customs and other duties which will attract more foreign investors to establish their enterprises in SEZs.

The amendments in the Government will make the SEZ regime more investment and business friendly and encourage development of SEZs in Pakistan. The investor friendly law will attract more investment and economic activity in the country leading to job creation, technology transfer and development of various industries.
